You have been advised that the replacement for [REDACTED] 25X1A9a
[REDACTED], GS-9, who will report to your
[REDACTED] in July 1959.

[REDACTED] is a very promising editor and gives every indication of becoming one of our best. He was recently recommended by his section and branch chiefs for promotion to GS-11. However, we are unwilling, except under the most unusual circumstances, to make an exception to our policy of not elevating an editor to the GS-11 grade before he has served overseas. His promotion at this time was therefore delayed.

In order to express recognition of [REDACTED] progress 25X1A9a and ability, we would be willing to consider your recommendation for his promotion within a relatively short time after arrival, say 30 to 60 days.

Sincerely,
